Overall: Homeless information is required for all Consumers Registered and Consumers Closed. However, Homeless is only required on a quarterly basis for (1) adults who meet the PA definition of Serious and Persistent Mental Illness (this definition is more restrictive than the federal definition of SMI); and (2) Children with Emotional Disturbances or Children at Risk of Serious Emotional Disturbance. Currently, information on Homeless status is under-reported; this is an area that has been targeted for improvement and is being monitored by SMHA staff. Non-homeless includes persons who are reported as not homeless as well as persons whose living arrangement is unknown.

When is Homeless Status Measured?

At Admission, Quarterly

Note:

This table uses community data from URS/DIG Table 3a.

**State Notes:**

None

None

Homeless information is required for all Consumers Registered and Consumers Closed. However, Homeless is only required on a quarterly basis for (1) adults who meet the PA definition of Serious and Persistent Mental Illness (this definition is more restrictive than the federal definition of SMI); and (2) Children with Emotional Disturbances or Children at Risk of Serious Emotional Disturbance. Currently, information on Homeless status is under-reported; this is an area that has been targeted for improvement and is being monitored by SMHA staff. Non-homeless includes persons who are reported as not homeless as well as persons whose living arrangement is unknown.

Note:

Mental Health Adults in Labor Force is the sum of MH consumers employed plus unemployed.

Adults Served in Community excludes persons for whom employment status was unknown.

MH Consumers Employed as % of Total Adults Served uses Adults Served as the denominator.

MH Consumers Employed as % of Adults served in Labor Force uses persons employed or Unemployed as the denominator.

This table uses data from URS/DIG Table 4.

Employment Status information is required for all Consumers Registered and Consumers Closed. However, Employment Status is only required on a quarterly basis for (1) adults who meet the PA definition of Serious and Persistent Mental Illness (this definition is more restrictive than the federal definition of SMI); and (2) Children with Emotional Disturbances or Children at Risk of Serious Emotional Disturbance. Currently, information on Employment Status is under-reported; this is an area that has been targeted for improvement and is being monitored by SMHA staff. Non-homeless includes persons who are reported as not homeless as well as persons whose living arrangement is unknown.
